Call Me... Mr. Fix-It • Mr. Keep-You Your Parker HOSE DOCTOR can be at you

What We Do

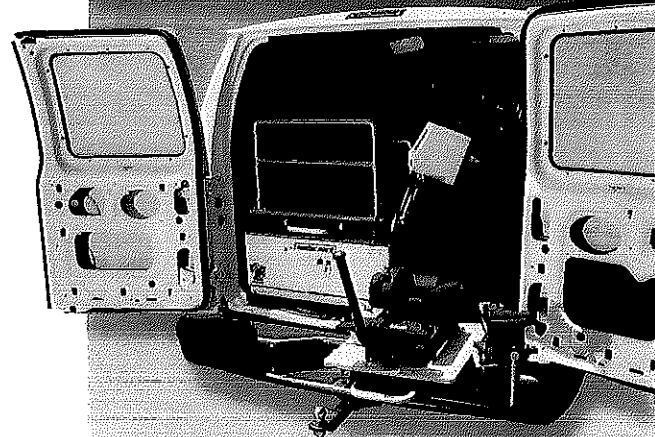

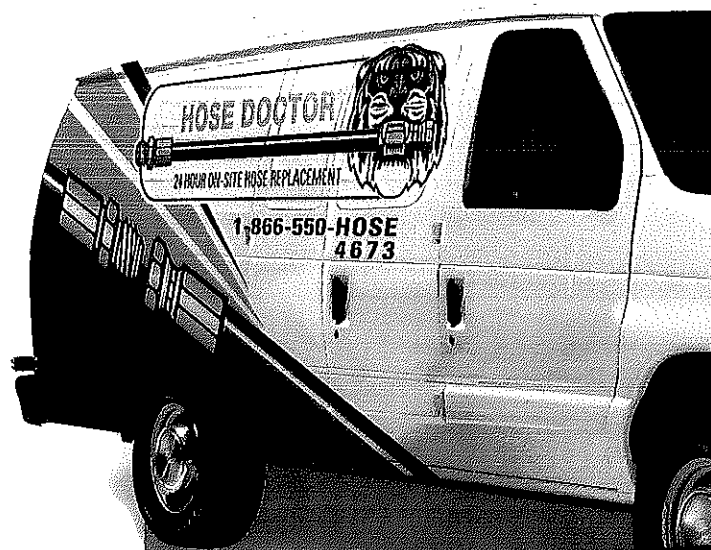

A HOSE DOCTOR is fully equipped to handle potential disasters with speed, skill and quality products. The HOSE DOCTOR travels to construction sites, manufacturing facilities and anywhere else he might be needed, to keep equipment moving with:

- Hydraulic Hose Replacement
- System Troubleshooting
- Preventive Maintenance
- Emergency On-Site Service

By defeating dreaded downtime and restarting the workflow, the HOSE DOCTOR "saves the day" by saving customers time and money.

Backed By A Leader

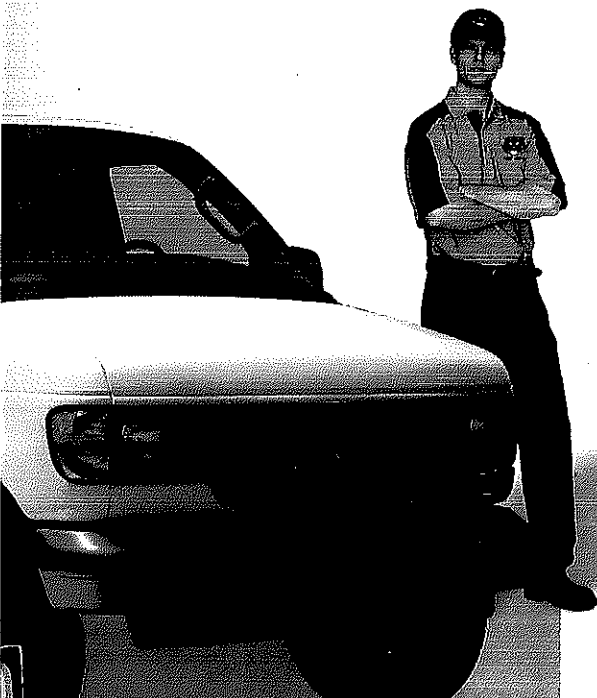

Trained to identify the problem and implement a solution on the spot, the HOSE DOCTOR is backed by the quality products and technical support of Parker Hannifin. Parker is the world leader in fluid power, with more than \$9 billion in sales and a global network of distributors.

Your HOSE DOCTOR offers:

- Rubber and Thermoplastic assemblies made on site
- A complete line of hose, tube fittings and adapters
- All major thread configurations for U.S. and Metric end connections

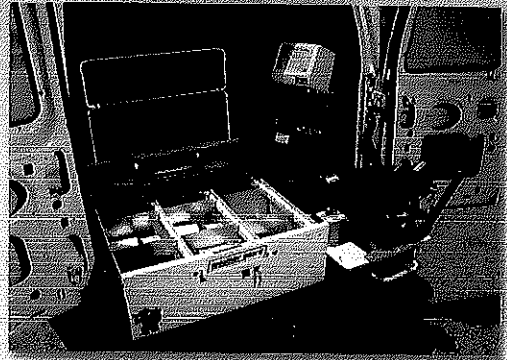

-On-Schedule • Mr. No-Downtime
plant, or on your job-site, in half the time!

There Anytime You Need Us

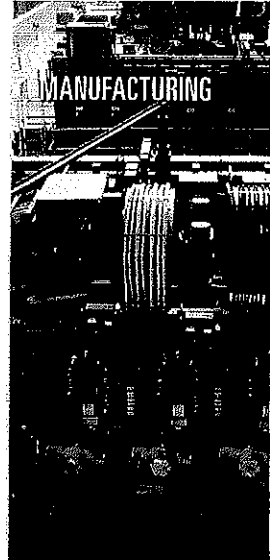

Your HOSE DOCTOR will answer the call anywhere, anytime, 24/7/365. If you're working, the HOSE DOCTOR is working, too. Turning a potential disaster into a minor delay is the goal, so that you can be up and running quickly, safely and efficiently.

Here's how it works:

1. Call your HOSE DOCTOR.
2. Our dispatcher will get the specifics over the phone.
3. The HOSE DOCTOR and truck will arrive at your plant or on your job-site.
4. Your problem is solved, saving you time and money!

The HOSE DOCTOR Delivers

Even if it's not an emergency, your HOSE DOCTOR can work with you to determine possible trouble spots and solutions. Don't wait for a breakdown. Call now for a system analysis.
